

# EZY-ROL™ Drum Trucks

*Endorsed by  
insurance  
companies  
and safety  
engineers*

**Choose from 2- and 4-wheel models.** Both provide complete operator control and easy maneuverability on flat surfaces, ramps and inclines. And all Valley Craft drum trucks feature our EZY-Tilt™ design, making break-over of even the heaviest loads incredibly simple.

**Our exclusive automatic spring-loaded chine hooks** are an essential part of Valley Craft's EZY-Tilt™ drum truck design. Loading and unloading is as easy as 1 2 3, and the operator never has to touch the drum.

**1.** Place shoes securely against base of drum.

**2.** Tip frame against drum to engage hook.

**3.** Break over load and rest on all four wheels.

# 2-Wheel Drum Trucks

## Features & Benefits

### EZY-Tilt™ design

features a convenient tip bar in the back of the truck, making break-over of heavy loads safe and easy.

Both 2- and 4-wheel models are designed to provide the operator with safe and easy control on virtually any surface. And all drum trucks feature Valley Craft's EZY-Tilt™ design, making break-over of even the heaviest loads incredibly simple.

Unique "Auto-Load" chine hooks are spring-loaded for simple and effective loading and unloading of up to 1,000 pounds without the operator ever touching the drum. Chine hooks are available in a variety of styles to handle almost any type of drum. See page 6 for chine hook options.

Valley Craft's 1" steel axles are the thickest in the business, and are fully encased in protective housings to maintain lubrication and prevent damage.

### Replaceable shoes

are welded to a 12"-long shaft which is inserted into the truck frame for extra strength. Shoe size: 1/2" thick x 3" wide x 5 1/2" long.

EZY-Tilt™ design makes the shoes the fulcrum point for easier break-over of heavy loads. Shoes reverse to handle 30- or 55-gallon drums.

Heavy-duty wheels are equipped with pneumatic or solid rubber tires for trouble-free handling on virtually any surface.

### 2-Wheel Drum Trucks, Steel Frame

Model Number	Brakes	Pneumatic Tires	Demountable Solid Tires	Molded-on Solid Tires	Shipping Weight	Capacity
1600		X			67 lbs.	1000 lbs.
2025	X	X			78 lbs.	1000 lbs.
1735			X		68 lbs.	1000 lbs.
2150	X		X		78 lbs.	1000 lbs.
1895				X	66 lbs.	1000 lbs.

### 2-Wheel Drum Trucks, Aluminum Frame

Model Number	Brakes	Pneumatic Tires	Demountable Solid Tires	Molded-on Solid Tires	Shipping Weight	Capacity
1500		X			45 lbs.	1000 lbs.
1925	X	X			50 lbs.	1000 lbs.
1625			X		50 lbs.	1000 lbs.
2050	X		X		55 lbs.	1000 lbs.
1770				X	55 lbs.	1000 lbs.

# 4-Wheel Drum Trucks

## Features & Benefits

**Choice of steel or spark-resistant aluminum frames.** Steel frames are constructed of 14-gauge 1<sup>1</sup>/<sub>8</sub>" O.D. tubing for years of heavy-duty handling and reliable use. Our high-grade aluminum frames are constructed of 1<sup>5</sup>/<sub>16</sub>" O.D. tubing and are static free for use around volatile materials.

**Tough steel or aluminum** replaceable shoes are designed to automatically unload drum when truck is tilted forward. Shoes adjust to handle 30- and 50-gallon drums.

**Spring loaded chine bar** automatically engages hook over drum lip as truck is tipped against side of drum.

**Quality engineering and construction** place support at points of greatest stress. Joints are form-fitted and fastened with solid welds.

**6" rear wheels** help support weight of load.

**Both 2- and 4-wheel drum trucks** feature replaceable parts, such as wheels, tires, shoes and axles.

### 4-Wheel Drum Trucks, Steel Frame

Model Number	Brakes	Pneumatic Tires	Demountable Solid Tires	Molded-on Solid Tires	Shipping Weight	Capacity
2375		X			84 lbs.	1000 lbs.
3160	X	X			89 lbs.	1000 lbs.
2895			X		80 lbs.	1000 lbs.
3450	X		X		83 lbs.	1000 lbs.
2845				X	82 lbs.	1000 lbs.

### 4-Wheel Drum Trucks, Aluminum Frame

Model Number	Brakes	Pneumatic Tires	Demountable Solid Tires	Molded-on Solid Tires	Shipping Weight	Capacity
2175		X			49 lbs.	1000 lbs.
2960	X	X			54 lbs.	1000 lbs.
2425			X		48 lbs.	1000 lbs.
3210	X		X		52 lbs.	1000 lbs.
2645				X	50 lbs.	1000 lbs.

**NOTE:** When ordering a 2- or 4-wheel truck with an optional chine hook, add the following letters to the model number:

**C=Cable Hoop Hook**  
**L=Locking Cover Hook**

**F=Fiber Drum Hook**  
**P=Plastic Drum Hook**

**Don't see what you want?** Above models come with the chine hook and shoes made of the same material as the frame. For steel chine hook and shoes on an aluminum frame, or for a special frame, contact your dealer.
